

WHAT IS MANDATORY WELS?

The Mandatory Water Efficiency Labelling Scheme (Mandatory WELS) is a rating system used to reflect the water efficiency of a product. Only WELS-approved dishwashers with at least 1-tick are allowed to be sold in Singapore.

How to Read

- 1 Products with the most ticks are recommended
- 2 The Label shows a product's water consumption, wash programme, type, brand and model.
- 3 Each Label carries a registration number for validation.

HOW TO IDENTIFY

WATER EFFICIENT DISHWASHER

1

Select a dishwasher with a suitable capacity that meets your household needs.

2

Choose a model with more ticks as it is more water efficient.

3

Look for a model with the lowest water consumption per use.

GO WITH MORE TICKS TO ACHIEVE MORE WATER SAVINGS

The illustration on the right indicates the amount of water you can save in 5 minutes when using a water efficient dishwasher as compared to washing dishes under a running tap.

Amount of Water Saved in Litres

PUB'S HOUSEHOLD WATER CONSUMPTION STUDY

The latest study conducted from 2018 to 2019 with about 400 households showed that the shower, flush, kitchen and laundry remained the largest water consumption areas, constituting 77% of total water usage in a household. Everyone can do our part to use water wisely.
